Customization Projects

Project Name

DOSTO Messenger

Project Type

OU Project

Project Description

Dosto Messenger is a free, multi-platform messaging app that lets users make video and voice calls, send text messages, share their status, and more with just a Wi-Fi connection. Part of what makes this app appealing is that it works on various phone and computer operating systems, so you can continue your conversation anytime, anywhere. It can also take advantage of Wi-Fi and cellular data to make one-on-one calls, reducing the need for expensive calling charges.
